General Congregational Letter of Reference for JD Stillwater.

The Unitarian Universalist Fellowship of Greater Cumberland (Maryland) (UUFGC) heartily endorses J.D Stillwater to lead services for any Unitarian Universalist congregation in North America.

JD Stillwater first presented a service at the UUFGC on December 4, 2016, and has led a total of twenty-one services to date at UUFGC. There is a strong thematic coherence among all of his services, centering on *Interdependence*. JD offers enthusiastic and extremely well-researched and presented topics that include richly-designed visuals that illustrate and support his thematic points.

Attendance at his services is high, and the formal question/response and comment time directly after the sermon is always spirited and extended. He always answers more questions and engages in further conversations with attendees after the service. Our congregation always looks forward to his visits. He is one our very favorites. I believe you will find your congregation as enthusiastic for his work—and for him as an individual—as we have found him to be.

If you have any further questions, please don't hesitate to contact us.
